### **“MAGA Granny” Pam Hemphill To Speak With Natrona Dems**

*Casper, WY* -- Pam Hemphill, famous for participating in the January 6th Insurrection, serving prison time, and being the only J6er to refuse President Donald Trump's pardon, has been an advocate for telling the truth about January 6 and MAGA by telling her story across the nation. On July 25 and 26, she will share her story with Natrona County Democrats and all willing to attend.

Our two-part event will consist of: A Conversation with Pam Hemphill (July 25) and a Picnic for Democracy (July 26). Natrona County Democrats, along with the Wyoming Democratic Party's Minorities and Allies Caucus, will host the event.

Hemphill has emphasized the importance of taking responsibility for January 6 and protecting our Democracy from President Trump and enablers of his lies:

**“We all know that they're gaslighting us... How could you sleep at night taking a pardon when you know you were guilty? You know that everybody there was guilty. I couldn't live with myself. I have to be right with me. And with God.”** – CBS News (2025), [Former Trump supporter Pamela Hemphill refuses and returns her Jan. 6 pardon](#)

All attendees are encouraged to be respectful.
